PUBLIC INVITED
FOR INSPECTION
UP-TO-DATE
EQUIPMENT

INAUGURATING THE OPENING OF RIVERS COMMUNITY HOSPITAL, OPEN-HOUSE WILL be held tomorrow afternoon at 2:30 with an open invitation cordially extended to the general public. Guides will conduct visitors through the 17-unit plant and answer any questions.

The out-patient building, housing the X-Ray room, the dental clinic, the pharmacy, the minor surgery and medicine clinics, will probably be of particular interest to all. Services for injections, eye, ear, nose, throat, pre-natal, and well-baby clinic are also offered.

The maternity ward, besides the general wards, houses private rooms, nursery, solarium, two labor rooms, and a delivery room. Black-out blinds

Net Workers Get Prevailing Pay

Three plans (or any modification of them) were submitted to the workers by E. L. Sandcliff, chief of WRA Industrial Division, at the regional office, by which a solution can be reached regarding the camouflage net projects' wage question, which when solved, will mark the opening of the project work.

The project has been converted into a private enterprise paying prevailing wages. The workers on it will pay \$20 a month and \$16 a month subsistence fee for themselves and each dependent respectively.

The three plans are that (1) the workers retain their net earnings (continued on page 7)

Relocation Policy Announced

"As the best possible policy towards the solution of the problems now confronting the evacuees and in recognition of its need and importance, relocation efforts are now being intensified," announced WRA's National Director Dillon Myer, to the combined Temporary Community Councils of Butte and Canal, during his one-day stop in the Center Wednesday.

Myer stated that the relocation program was planned and is being planned with the basic belief that the vast majority of issei and particularly the nisei will live in the United States after the war and that they are loyal to this country.
